For Woodland, For The Students We Serve...

It has been great to have so many opportunities for our community to come together and share! From Thanksgiving celebrations, to Holiday Choirs, to Breakfast with Santa, one thing is clear, a passion for creating special moments distinguishes Woodland among its peers.

Speaking to Mrs. Martins at Breakfast with Santa, a sentiment was shared which runs like a river through our families. *Woodland is so much more than a school. It is a place where families come together and friendships are formed for a lifetime.* Many families can recollect moments from a generation past, still rich in the bonds of friendships and powerful, warm, vivid memories, which arose from the time they gave working, laughing and sharing time at, and through, *Woodland.*

Genuine efforts to hold fast to such priceless qualities are what bring us together again and again to create something like Breakfast with Santa for the children we serve. As the days drew nearer the weekend, gathering long hours and the care volunteers and teachers worked to put into each event, our team stood out once again with late night preps and planning in order to earn smiles and laughter. From the team which worked days to make the hours on Saturday morning possible, or the investment in the Holiday Choir over weeks to make a cheerful evening in Woodstown happen, like much of education, countless hours are spent to create the opportunity *for moments* strong enough to remain in our hearts, minds and *time*, when so much of it seems to rush by, and so much of what we do is scattered like leaves in the wind.

“The only gift is a portion of thyself.” –

Ralph Waldo Emerson

Thank you to our incredible team and community members, who continually give of themselves for the sake of the children in our community; ***for the legacy of Woodland.***
